

## ARTIST CELEBRATES

# Artist celebrates a decade of Open Studios

*Aptos Life staff report*

**APTOS** — This year marks a decade that Aptos sculptor Jenni Ward has participated in the Santa Cruz County Open Studio Art Tour.

To honor this occasion, she will be debuting a line of work from her new "Bone Series." In addition, she will be displaying some of her larger installations and exhibiting new pieces from established series that will be available for sale.

The Santa Cruz County Open Studios Art Tour offers the public the opportunity to visit 300 artists in their studios during this self-guided tour across Santa Cruz County. The Arts Council Santa Cruz County's Open Studios Art Tour assists professional local artists to market their work while providing art enthusiasts with an opportunity to see the creative process at work and experience first-hand the creative diversity of the community.

Ward's studio is located at 767 Cathedral Drive in Aptos. The studio is open Oct. 4-5 and 18-19, from 11 a.m.-5 p.m.
